CONQUER THE MESS.

Cover even more ground, faster with the **B 260 R I Combo**.
A ride-on scrubber and sweeper in one.

PROFESSIONAL | B 260 RI COMBO FLOOR SCRUBBER

ACHIEVE EXCEPTIONAL PERFORMANCE FOR TOUGH, INDUSTRIAL CLEANING APPLICATIONS.

The B 260 R I Combo is not your average floor scrubber. It's a heavy-duty ride-on machine engineered to deliver exceptional cleaning results by combining the power of a scrubber and a sweeper in a single, integrated unit. This innovative design allows you to tackle both wet spills and dry debris with unparalleled efficiency, effectively cutting your cleaning time in half. Whether you're dealing with the challenges of a manufacturing facility, a bustling warehouse, or a busy transportation hub, the B 260 R I Combo is built to conquer any mess. Its robust steel frame, enhanced ram protection at the side brushes, and powerful cleaning capabilities make it the perfect choice for demanding industrial environments. With the B 260 R I Combo, you can achieve a comprehensive clean in a single pass, maximizing productivity and minimizing downtime. Experience the future of floor cleaning with this unstoppable powerhouse.

1 Maximize Cleaning Efficiency

- Engineered for high productivity, allowing you to cover large areas quickly and efficiently
- Integrated sweeper clears debris beforehand, so the scrubber can operate at full speed without slowdowns caused by obstacles. Complete your cleaning tasks faster and with less effort
- The automated speed regulation in turns ensures safe operation, even at higher speeds

3 Anti-corrosion industrial squeegee built to last

- Tear-resistant, long-lasting Linatex® squeegee blades for excellent drying results
- Fast and simple tool-free replacement of the blades
- Ergonomic handles in center of the assembly with quick release
- Parabolic design helps channel water to the recovery point

2 Simple controls and LCD displays

- Single dial to select mode of operation is intuitive and makes for easy training
- Check power, pump, brush motor, vacuum motor, and reverse operation at a glance
- Screen displays machine status, fault alerts, and service intervals
- Easy to control both scrubbing and sweeping functions

4 Newly developed roller brush deck

- Robust steel housing for maximum strength and durability
- Rollers can be changed in a matter of seconds without tools
- Roller brush provides excellent cleaning results with 7 times the contact pressure compared to disc technology
